# UMS Adventure Camp

Offers a variety of programs and fun-filled experiences to interest campers 7 to 13 years of age. Each week campers will be involved in Sports, Science, Tech, and/or Art-based activities in the morning and will have an option to go swimming or participate in outdoor activities such as hiking, hip-hop, or archery in the afternoon. Specialized teachers will run this exciting camp in small group settings. Enrollment is weekly. **Register early, limited spots are available.**

Week 1 July 3rd - 7th

**Animation:** Make stories come to life as the children learn programs and techniques to create stories on a digital platform. Learn how Disney and Pixar create your favorite animations!

**Basketball:** Dribble, pass, shoot, and score; so simple, yet so much more. This week campers will learn ball handling and shooting skills as well as essential rules and strategies while playing this timeless game.

**Actor's Corner:** Campers will learn to think creatively, analyze, interpret, and express themselves through exciting role-playing, drama games and improvisational activities.

Week 2 July 10th - 14th

**3D Printing:** One of the coolest innovations outright now is the 3D printer. This week design and build objects using Google Sketch-Up software (it's easier than you think), and print them using UMS' 3D printer.

**Soccer:** Adventure camp is back to playing the beautiful game this week! Campers will learn the key skills of passing, shooting, and coordinating as a team playing soccer.

**Art Attack:** Even Michelangelo started somewhere. Campers will discover different mediums and explore their artistic talent this week of summer camp.

Week 5 July 31st - Aug 4th

**Robotics:** Control and program tiny robots to obey your every command! Learn about the basics of robotics, experiment and play in order to eventually make robots bend to your will.

**Badminton:** Campers make birdies whistle through the air as they practice their serves, net shots, and volleys.

**Design and Construct:** Get ready for a wacky week creating countless crazy constructions. Campers will learn about strength and stability as they compete to build structures.

Week 6 Aug 8th - 11th

**Garage Band:** Campers can make beats like Deadmau5 or symphonies like Mozart on their computer using Garage Band. Join us this week to explore your musical genius, and learn to create music in any genre you please.

**Soccer:** Adventure camp is back to playing the beautiful game this week! Campers will learn the key skills of passing, shooting, and coordinating as a team playing soccer.

**Cooking:** Campers will practice essential kitchen techniques and master the fundamentals of cooking.

## Fridays

Every Friday, Adventure Camp goes for an adventure! Whether it be hiking, golfing, rock-climbing, or a field trip to a top tourist attraction in the city, or a special guest, expect to have a great time.

Week 3 July 17th - 21st

**Web Design:** Unleash your cyber-creativity with webpage design! Campers will become familiar with web designing tools and techniques to create and publish their own site.

**Baseball:** It's so much more than hitting a ball with a stick, it is the quintessential game of summertime. Practice your pitching, catching and batting this week in baseball.

**African Drums:** Campers will improve their listening, coordination, and motor skills, by participating in this fast-paced, upbeat rhythmic drum playing.

Week 7 Aug 14th - 18th

**Digital Scavenger Hunt:** Campers will design and participate in an augmented reality scavenger hunt using digital mobile devices.

**Volleyball:** What is that in the sky? Is it a cloud? A bird? A plane? No wait...it's a volleyball! Campers will practice their bumps, spikes, serves, and volleys this week playing volleyball!

**Move Your Body (Dance & Yoga):** Campers will explore the joy of movement while improving their balance and gross motor skills.

## Swimming

Campers will have an option to go swimming twice a week.

Week 4 July 24th - 28th

**Minecraft:** What is cooler than learning to create worlds in Minecraft? Learning how to code in Minecraft! This extremely popular game has been praised for engaging children's problem solving and creative sides. This week Adventure camp takes it a step further by teaching campers how to create, explore, and put their problem solving skills to the test by building and coding with Minecraft.

**Flag Football:** Pass, catch, and touchdown! This week campers will practice their plays in game of touch football.

**Budding Scientists:** Campers will be involved in fun and captivating hands on experiments exploring various scientific concepts.

Week 8 Aug 21st - 25th

**iMovie:** Being a professional actor, director, and editor was never easier. Campers will learn the basics of using iMovie to edit and create polished, professional movies!

**Floor Hockey:** It's time to get your gear on. Practice your shots, passes and saves this week playing floor hockey!

**Aviation:** Lift off with us this week and explore the intricate world of flight. Learn about lift and gravity as we build airplanes and rockets!

## UMS ENGLISH AS A SECOND LANGUAGE (ESL) PROGRAM

The summer ESL program will provide children the opportunity to learn and improve their English in and outside of the classroom. Students will be placed in groups according to their level of proficiency (beginner, intermediate, or advanced) and participate in a structured program. Focus will be placed on both written and oral skills developing their grammar, vocabulary, pronunciation, and conversational skills. Students who have registered for a full day will participate in camp activities where they will have the opportunity to practice their English in a social setting.

- ✓ English Language
- ✓ Certified teachers, low teacher-student ratios
- ✓ Formal assessment / Beginner, Intermediate, or Advanced Grouping
- ✓ Written grammar, spelling, sentence structure
- ✓ Oral vocabulary, pronunciation, and conversation skills
- ✓ Morning (9:00-11:30 am) and Afternoon (1:00-3:30 pm)
- ✓ Can work in combination with our Summer Camp
- ✓ No extra charge for early drop-off or late pick-up (7:00 am - 6:00 pm)

## UMS Reach to Achieve Tutoring Programme

### Ages 4 - 13 years

- ✓ Math, Language
- ✓ Formal assessment / Individual Education Programme
- ✓ Certified teachers, low teacher-student ratios
- ✓ Morning (9:00 am - 11:30 am) and Afternoon (1:00 pm - 3:30 pm)
- ✓ Can work in combination with our Summer Camp
- ✓ No extra charge for early drop-off or late pick-up (7:00 am - 6:00 pm)

Tutoring in Math and Language for children ages four to five years old are taught using the Montessori approach.

Unionville Montessori Private School  
4486 16th Avenue Unionville, Ontario L3R 0M1  
Tel: (905) 474-9888 • Fax: (905) 474-5767

# UMS Discovery Camp

**UMS Discovery Camp** for campers ages 3 to 6 is designed to provide campers with a variety of unique, fun-filled experiences in a safe nurturing environment. Campers are divided into age-appropriate groups supervised by a qualified childcare worker and an assistant, and participate in the following morning and afternoon activities.

## ART

Campers express and develop their creativity in the Arts while working with a variety of different media, including painting, sculpting, drawing and collage.

## MUSIC

Campers express themselves creatively through songs and instruments. The basic elements of music – rhythm, melody, dynamics, phrasing and form will be introduced to the campers through activities involving singing, movement, and playing simple Orff instruments.

## SCIENCE

Activities will build an understanding of key science concepts. The campers will discover various topics in Life, Physical, and Natural Sciences. Hands-on experiments will develop process skills such as observing, describing, discussing, comparing and predicting.

## FRENCH

Campers will be exposed to the integrative AIM French Teaching Method, which uses action based activities in drama, dance and music to teach the French language.

## IPAD & COMPUTERS

Campers are given an opportunity to enjoy learning through use of technology with this program. A variety of fun, interactive and educational software/apps engage campers' imaginations and help build their technical skills such as creating their own stories with accompanying artwork and voice recording on iPads.

## GYM

Campers will participate in fun-filled gross motor activities, including sports and gymnastics. They will develop positive attitudes and learn to work together while staying physically active.

## SPECIALTY ROOM

In this room campers learn specialized activities each week. From discovering life skills such as cooking and sewing, to learning healthy living activities such as dance and yoga, our specialty room offers campers interesting, fun, and helpful knowledge.

## FIELD TRIPS & VISITORS

Campers will participate in a host of special days scheduled throughout the summer, such as crazy hair day and pajama day. A field trip or a visit from a special guest is scheduled every Friday. Campers will also participate in weekly water play activities when weather permits.
