UMS Adventure Camp

Offers a variety of programs and fun-filled experiences to interest campers 7 to 13 years of age. Each week campers will be involved in Sports, Science, Tech, and/or Art-based activities in the morning and will have an option to go swimming or participate in outdoor activities such as hiking, hip-hop, or archery in the afternoon. Specialized teachers will run this exciting camp in small group settings. Enrollment is weekly. **Register early, limited spots are available.**

Week 1 July 2nd - 5th

Coding 101: We step into the matrix this week as campers learn the basics of coding. Campers will learn how to code games, web pages and robotics this week. This life long skill will be essential in the world of tomorrow.

Multi-sport: Not sure what your favourite sport is? Got to catch them all?! Campers will play a wide variety of sport activities including flag football, soccer, hockey and basketball.

Art Attack: Even Michelangelo started somewhere. Campers will discover different mediums and explore their artistic talent this week of summer camp.

Field Trip: Sky Zone Trampoline Park

Week 2 July 8th - 12th

3D Printing: Welcome to the future. 3D printing is a revolutionary technology which allows anyone to build almost anything. This week we use software to design and build objects and print them using UMS' 3D printers.

Martial Arts: Learn to kick it like Jackie Chan! Campers get their kung-fu on this week in Adventure Camp, as they learn basic self-defence moves.

Being Dramatic: To be or not to be? Campers will learn to think creatively and express themselves through exciting role-playing, theatre games and improvisational activities.

Field Trip: North Beach Volleyball

Week 5 July 29th - Aug 2nd

Minecraft: Look out for the Creeper! This week campers learn how to create, explore, and put their problem solving skills to the test by building and coding with Minecraft.

Badminton: Little birdies flying through the sky, you wont hit them unless you try! This week is badminton; practice your serves and your smashes at Adventure Camp.

Master Chef: Get your inner Gordon Ramsey on and join Adventure Camp as we cook up a storm. This week campers will practice essential kitchen techniques and master the fundamentals of cooking.

Field Trip: Loblaws Cooking School

Week 6 Aug 6th - 9th

Robotics: Control and program little digital minions! Learn about the basics of robotics and experiment in order to eventually make robots obey your every command.

Basketball: Want to be like Mike? This week campers will learn ball handling and other skills as well as essential rules and strategies while shooting hoops.

S.T.E.M. Challenge: Investigate, explore, design, and engineer. Campers will build modes of transportation from planes, trains, to automobiles. At the end of this week, campers will be S.T.E.M. geniuses.

Field Trip: Kidstown Water Park

Fridays

Every Friday, Adventure Camp goes on an adventure! Whether it be hiking, rock climbing, or a field trip to a top tourist attraction in the city, expect to have a great time.

Week 3 July 15th - 19th

Photoshop: Be a papparazzi! Campers will learn photo editing and publishing tools and techniques, creating their own photo display by the end of the week.

Soccer: Adventure Camp is playing the beautiful game this week! Campers will learn the key skills of passing, shooting, and coordinating as a team playing soccer.

Move Your Body (Dance & Yoga): Get ready to stop, drop, wiggle, and pop! Campers will explore the joy of movement while improving their balance and gross motor skills.

Field Trip: Science Centre

Week 7 Aug 12th - 16th

Movie Mania: Campers make beats like Deadmau5 or symphonies like Mozart, movies like Disney or shorts like Pingu. This week we explore mutiple song and video editing software to make masterpeices.

Flag Football: Pass, catch, and touchdown! This week campers will practice their plays in games of flag football.

Mad Scientists: A dash of science and a sprinkle of sunshine creates the potion for the ultimate summer experience. This week, campers will be involved in mad experiments exploring crazy scientific concepts.

Field Trip: The ROC Climbing Centre

Swimming

Campers will have an option to go swimming twice a week, every other day. Campers will be tested and placed in appropriate swimming groups and will be accompanied and supervised by swim leaders.

Week 4 July 22nd - 26th

Animation: Learn how to be the next Walt Disney or Hayao Miyazaki this week! Campers will make stories come to life as they learn programs and techniques to create animated movies on a digital platform.

Volleyball: What is that in the sky? Is it a cloud? A bird? A plane? No wait...it's a volleyball! Campers will practice their bumps, spikes, serves, and volleys this week playing volleyball.

African Drums: Campers feel the beat this week as they improve their listening, coordination, and gross motor skills, by participating in this fast-paced, upbeat rhythmic drum playing.

Field Trip: Tree Top Trekking

Week 8 Aug 19th - 23rd

Digital Comic Book: Have you ever wanted to make your own superhero comic book and augmented reality characters? Join us for a creative tech week looking at building your own digital AR comic book.

Hockey: It's time to get your gear on. Practice your shots, passes and saves this week while playing hockey games and practicing drills!

Builder's Paradise: Get ready for a wacky week creating countless crazy constructions. Campers will learn about strength and stability as they compete to build structures.

Field Trip: In Play Inc

UMS Reach to Achieve Tutoring Programme

UMS English As a Second Language (ESL) Program

The summer ESL program will provide children the opportunity to learn and improve their English in and outside of the classroom. In the morning, students will be placed in groups according to their level of proficiency (beginner, intermediate, or advanced) and participate in a structured program. Focus will be placed on both written and oral skills developing their grammar, vocabulary, pronunciation, and conversational skills. During the afternoon, students will participate in camp activities where they will have the opportunity to practice their English in a social setting.

- ✓ English Language
- ✓ Certified teachers, low teacher-student ratios
- ✓ Formal assessment / Beginner, Intermediate, or Advanced Grouping
- ✓ Written grammar, spelling, sentence structure
- ✓ Oral vocabulary, pronunciation, and conversation skills
- ✓ Morning Tutoring (9:00-11:30 am) and Afternoon Camp Activities (1:00-3:30 pm)
- ✓ No extra charge for early drop-off or late pick-up (7:00 am - 6:00 pm)

Ages 4 - 13 years

- ✓ Math, Language
- ✓ Formal assessment / Individual Education Programme
- ✓ Certified teachers, low teacher-student ratios
- ✓ Morning (9:00 am - 11:30 am) and Afternoon (1:00 pm - 3:30 pm)

UMS Discovery Camp

UMS Discovery Camp for campers ages 3 to 6 is designed to provide campers with a variety of unique, fun-filled experiences in a safe nurturing environment. Campers are divided into age-appropriate groups supervised by a qualified childcare worker and an assistant, and participate in the following morning and afternoon activities.

Trip and Visitor Schedule:

Week 1: Kreative Kids Art Bus

Week 2: Forsythe Family Farms

Week 3: In the Mix

Week 4: Bruce's Mills and LOL Indoor Playground

Week 5: Pawsitively Pets

Week 6: Candyland Indoor Playground

Week 7: WonderPhil the Magician

Week 8: KidsTown Water Park

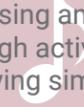

ART

Campers express and develop their creativity in the Arts while working with a variety of different media, including painting, sculpting, drawing and collage.

MUSIC

Campers express themselves creatively through songs and instruments. The basic elements of music – rhythm, melody, dynamics, phrasing and form will be introduced to the campers through activities involving singing, movement, and playing simple Orff instruments.

SCIENCE

Activities will build an understanding of key science concepts. The campers will discover various topics in Life, Physical, and Natural Sciences. Hands-on experiments will develop process skills such as observing, describing, discussing, comparing and predicting.

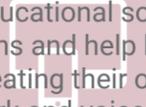

FRENCH

Campers will be exposed to the integrative AIM French Teaching Method, which uses action based activities in drama, dance and music to teach the French language.

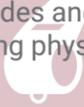

IPAD & COMPUTERS

Campers are given an opportunity to enjoy learning through use of technology with this program. A variety of fun, interactive and educational software/apps engage campers' imaginations and help build their technical skills such as creating their own stories with accompanying artwork and voice recording on iPads.

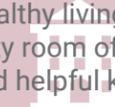

GYM

Campers will participate in fun-filled gross motor activities, including sports and gymnastics. They will develop positive attitudes and learn to work together while staying physically active.

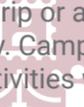

SPECIALTY ROOM

In this room campers learn specialized activities each week. From discovering life skills such as cooking and sewing, to learning healthy living activities such as dance and yoga, our specialty room offers campers interesting, fun, and helpful knowledge.

FIELD TRIPS & VISITORS

Campers will participate in a host of special days scheduled throughout the summer, such as crazy hair day and pajama day. A field trip or a visit from a special guest is scheduled every Friday. Campers will also participate in weekly water play activities when weather permits.
